The words of God melt le-bergs when a people are thirsty. The words of God cause a prideful people to repent and make a tyrant to come to his senses. With great power, the words of God separate the darkness from the light and the wheat from the chaff.

## Eternity's Quill

### MMXII ORBIS TERRARUM JUDICII DEI

#### Testament: 03062022

#### Eternity's Quill

**God is as much a terrestrial and physical experience as a celestial and spiritual experience.**

#### Part I

**MMXII March 6, 2022 A.M with you always UTC + 14: Eternity's Quill:** What do you seek from God? Is it the truth? You know the truth and the truth is embedded in your soul. But if you have forgotten the truth, that is why I am here, to remind you of the truth. What truth? The truth which is embedded in your soul. That truth is that God exists. I am serious. I am telling you the truth.

When it comes to truths, many claim to know the truth, and yet are ignorant of their own opinion. Then there are ugly truths, such as pantheons, which carry the incarnation and knowledge of God, have been corrupted with false information and esoteric teachings of darkness. But here is a good truth. You can eliminate the darkness and the evil in any good religion of God and restore your understanding of God using the truth. The truth is that our Holy Spirit, by whatever name, is a good God and no evil exists inside our Holy Spirit from which your souls come from. That I feel is an excellent truth to be considered.

Another ugly truth is that in communist countries angels are turned into atheists and sometimes even into heretics. Don't feel bad it happens in democracies and socialist countries as well as in dictatorships and even theocracies and monarchies. There is no denying that truth. But an atheism is a mistake teaching. Communist can be assured that their loved ones who have died as atheists are forgiven because it was not their fault for being born in a communist country. Communism and atheism are only temporary states. That is the truth. Their souls will be born again. That is the truth too. The same goes for Democracies and all forms of governments where atheists are created.

#### The Truths of the Holy Spirit

#### Part II

What else do you seek from God? Is it knowledge about religion?

Though the religions of the world differ in their views, they share in common the same God, our Holy Spirit. That is the truth.

Here is some more knowledge. Every religion expresses the Holy Spirit differently. In Hinduism, he and she, God, Goddess, Holy Spirit have many different names. That is the truth. In Greek Pantheons, he and she, God, Goddess Holy Spirit have many names. That is also the truth. This because God, Goddess, Holy Spirit, him and her, empress and emperor, teacher and prophet have been with us always. That is the truth.

In Catholicism and Orthodox Christianity we picked up where we left off in Hinduism, Greco Roman Religion, and also began to follow the incarnations of the Holy Spirit, him and her, beginning new with Jesus Christ and Mary. Only now we recognized them as saints, a part of the Godhead which is the Holy Spirit. There used to be strict rules of sainthood which required saints to be confirmed as the return of Jesus or Mary. In a perfect history of the saints is the true second coming of Christ and Mary, then the third coming, the fourth coming, the fifth coming, the sixth coming and so on. In one of the early comings of Christ, Islam was created. And so you are not crazy for believing in the return of Christ for you look for it always. And after Mohammad the saints continued to come and be confirmed as the return of Jesus and Mary. But now we have saints who are regular people who are not Jesus or Mary. But that's o.k. we together are the body, the Church! all of us together and nothing is lost by thinking and believing the best in each other with a good heart.

We long for God and we remember God. When you can't see, touch or feel God physically, rituals have been made so you can. When you can't see, touch or feel God physically, books and testaments have been written so you can read and remember. When you can't see, touch or feel God physically, temples, shrines, tabernacles, churches, mosques, cathedrals and tabernacles have been made so you can commune with God through the Holy Spirit together with people from your community. God is as much a terrestrial and physical experience as a celestial and spiritual experience. That is a greater truth, the Mahayana, the big picture and the details are the Hinaya.

#### MMXII ORBIS TERRARUM JUDICII DEI

#### Part III

"There are many truths," someone once said "and many Gods." However the truth is there is only one God/Goddess him and her our Holy Spirit the only God, the one true God who we have known by many names. God/Goddess are known by words and a physical presence. e.g. Jesus Christ.

#### John 1:1-4

- 1 In the beginning was the Word, and the Word was with God, and the Word was God.
- 2 The same was in the beginning with God.
- 3 All things were made by him; and without him was not any thing made that was made.
- 4 In him was life; and the life was the light of men.

#### MMXII ORBIS TERRARUM JUDICII DEI

#### Part IV

God is as much a terrestrial and physical experience as a celestial and spiritual experience. The best examples of God that I can think of in our terrestrial life in China and Asia are Siddhartha Gautama, Nichiren, The Mahayana and Hinayana which is our original scientific method of analyzing our world and any problem in our lives. Then there are the Analects, the Tao of the Holy Spirit.

*The nameless (Our Holy Spirit) is the origin of Heaven and Earth. The named is the mother of myriad things Thus, constantly without desire, one observes its essence Constantly with desire, one observes its manifestations. These two emerge together but differ in name. The unity (of the Holy Spirit) is said to be the mystery. Mystery of mysteries, the door to all wonders.*

And since there is no evil in the Holy Spirit. All talk of dualism of darkness being equal with goodness is absurd. Evil exists by disobedience. Thus the secret to life, is to be good and not evil.

#### MMXII ORBIS TERRARUM JUDICII DEI

#### Part V

God is as much a terrestrial and physical experience as a celestial and spiritual experience. For best examples of God that I can think of in Hinduism, I will refer you to compendium of Hindu scripture where you will find, Indra, Shiva, Lord Krishna, Lord Ram among many others.

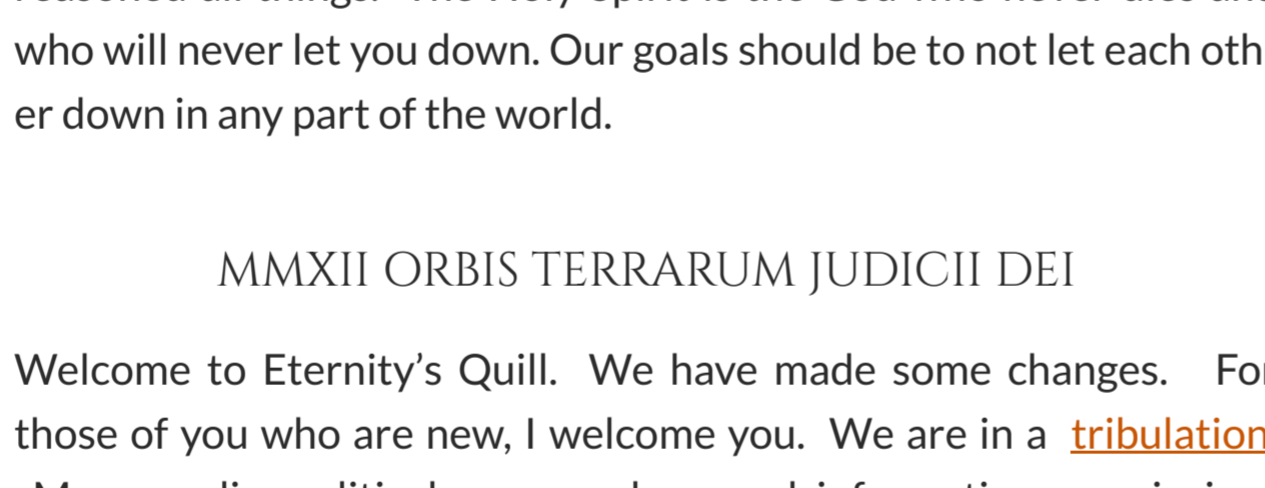

Among the ancient Greeks and the Roman Pantheons you will find Jesus Christ, the Virgin Mary, Athena, Libertas, Justicia, Zues, Saturn, Socrates, the real Socrates not the modern bisexual version, among many others. Ancient Egypt has their lineage of God and Goddess. To this day the Prophet Mohammad remains Egypt's greatest terrestrial memory which surpasses the memories of the Gods of Egypt him and her, God and Goddess, Pharo and Empress.

In Judaism, Moses was that terrestrial experience. Moses was loved as a prince of Egypt then became a slave and betrayed all he knew because he was awoken and met his Holy Spirit once again. But before he could save the slaves he had to become a slave and understand their misery and so he was driven from his princely life to become the slave who would lead people to freedom.

Then, there are the older testaments of God from the Middle East. Books we call testaments of God and there are many. They are bound in one book which we call the Old Testament, but the old testament is really a bunch of old testaments bound together which we did later copying them painstakingly by hand until the invention of the printing press.

Then there are the newer testaments. The newer testaments of God from the Middle East are where we remember Jesus Christ. Jesus Christ was a terrestrial experience of God so powerful that a religion was created after him. It is as if his memory haunts us still two thousand years later, as if we don't want let him down ever again.

God is as much a terrestrial and physical experience as a celestial and spiritual experience. And so we have written thousands of testaments if not more and have created pantheons and religions to the Holy Spirit based on the work of the prophets, generically speaking, and those religions have lasted thousands of years, since the beginning of time and they still exist.

And We still remember and love Mohammad because he showed us the same love and guidance as he did when he was Jesus Christ. So when you can't see, can't see, touch or feel God physically, remember that temples, shrines, tabernacles, churches, mosques, cathedrals and tabernacles are made so you can commune with God through the Holy Spirit our one true God, our Holy Spirit God, the God who has no name but who is known by many, the God who knows all things, the God who sees all things and the God who as reasoned all things. The Holy Spirit is the God who never dies and who will never let you down. Our goals should be to not let each other down in any part of the world.

#### MMXII ORBIS TERRARUM JUDICII DEI

Welcome to Eternity's Quill. We have made some changes. For those of you who are new, I welcome you. We are in a **tribulation**. Mass media, political news and general information remain in a state of emergency. When that emergency is over we will be sure to announce it here at Eternity's Quill and throughout our network.

With the help and blessing of our Holy Spirit, Eternity's Quill started June 12, 2012. It was not supposed to carry judgment writings, but it did together with edifications. Eventually judgment writings were deferred to **Eternity's Quill before the Sword** (June 12, 2014), but they came back. During the creation of hundreds of websites which are all part of our network, I have learned that judgment writings go where the Holy Spirit wants them and also that nothing can happen without judgment, even our peace so we can continue each day. In writing words of judgment, their also must be edifications. Only the Holy Spirit can direct such a course that would lead man to judge the world.

Though I grew up religious, I never imagined myself a religious writer. In retirement, I imagined myself as a writer of plays, scripts and novels, but never a religious writer. The writings of this judgment are a journey spread throughout our network which is constantly under review and editing. Thousands of articles have been published and each writing must be reviewed painstakingly.

The writings of the judgment of God are written to help you absorb and understand both mine and the character of the Holy Spirit. The Holy Spirit is like a wise shepherd and the God who knows all things, the God who sees all things and the God who has reasoned all things; who gives wisdom and words of justice to judge between right and wrong as well as words to teach the goodness and the love of God. The words of God are words of wisdom, words to bless, words to judge, words to instruct and words to correct. God's words are life & resurrection. They redeem the soul and bring justice to the world.

Welcome to Eternity's Quill at the World Crown. The Judgement of God is by necessity a needful office of civilization. While we remain in tribulation, life looks very ordinary and we do not see its effects, but days come when those effect resound in our lives. It is important never to get to comfortable while we are in tribulation. Make sure to take the judgment of God into account in all important decisions you may have in your life.
